Mr. Tsarkov,

As I am unable to attend the hearing regarding this bill tomorrow, I request that you have my following written testimony read into the record at the appropriate time:

Honorable members of Connecticut Joint Committee on Judiciary;

I respectfully urge you to oppose SB 1094 and any legislation that forces law-abiding citizens to surrender their property based on the actions of criminals who will not abide by this proposed law.

Thank you for your time and for the opportunity to state my opinion.
